

NATIONAL MULTIETHNIC DONOR AWARENESS MONTH

Raquel Armstrong

Raquel is a living liver donor from Stockton. Raquel donated 60% of her liver to her mom, Rena, who was experiencing liver failure. As a result of the liver donation and transplantation, Raquel and Rena are both doing great and are healthy! Raquel spends her time with her family, dogs, working in the community, and running her own eatery stand. Raquel is hoping to also donate one of her kidneys to a patient who is waiting on the transplant waitlist.
